

**REQUIRED Project Rifle Kit:**

The best resume a gunsmith has is a rifle they built. In the PTC Gunsmithing Program students will build an *American Classic Sporting Rifle*. This rifle will be built to the specifications of the *American Custom Gun Guild (ACGG)*. When completed, the average student will have a firearm valued at \$3,00-\$3,500. The 'kit' can only be obtained through the Gunsmithing program and includes:

**NOTE: Students Must have the complete Project Rifle by mid-terms of their Second Semester of the Introduction to Gunsmithing Program (First Year Program). Most Financial Aid Programs will NOT cover the cost of this Kit.**
