State	State licensure Board	Graduate Eligibility for State Licensure Disclosure
State Alabama	State licensure Board Alabama Board of Nursing	PTC's Associate Degree Nursing program meets the educational requirements for initial licensure for registered nursing in Alabama. Applicants must earn a passing score on the NCLEX- RN. Alabama is a member of Nurse Licensure Compact (NLC).  An applicant for licensure in a state that is part of the eNLC will need to meet the following uniform licensure requirements:  1. Meets the requirements for licensure in the home state (state of residency);  2. a. Has graduated from a board-approved education program; or  b. Has graduated from an international education program (approved by the authorized accrediting body in the applicable country and verified by an independent credentials review agency);  3. Has passed an English proficiency examination (applies to graduates of an international education program not taught in English or if English is not the individual's native language);  4. Has passed an NCLEX-RN® or NCLEX-PN® Examination or predecessor exam;
		in the applicable country and verified by an independent credentials review agency); 3. Has passed an English proficiency examination (applies to graduates of an international education program not taught in English or if English is not the individual's native language); 4. Has passed an NCLEX-RN® or NCLEX-PN®
		basis); 9. Is not currently a participant in an alternative program; 10. Is required to self-disclose current participation in an alternative program; and 11. Has a valid United States Social Security number.  PTC's Associate Degree Nursing program is accredited by the Accreditation Commission for

		PTC's Associate Degree Nursing program is accredited by the Accreditation Commission for Education in Nursing (ACEN).

## Notes:

This document represents a good-faith effort to share requirements for licensure in other states. Additional requirements for licensure not outlined in this document may be required or required. Applicants may be asked to submit fingerprinting and criminal record background checks, answer questions about past criminal convictions, submit additional documentation, pay licensure, certification, or registration fees, submit a Social Security number, abide by codes of conduct, or meet additional requirements not outlined in this document.

Applicants from out of states and the US territories are advised to review the information in the table and confirm Registered Nurse (RN) registration, certification, and licensing requirements in their home states/territories before enrolling in this or any educational program, as state and territory licensing requirements and boards or agency responsibilities may have changed since the information in this document was last updated.
